SUMMARY

Second-year B.Tech Computer Science Engineering student with a strong interest in Web Development, Programming, and AI/ML. Skilled in HTML, CSS, JavaScript, C, C++, and Python. Passionate about building real-world projects and continuously improving problem-solving abilities through coding and hands-on development. Seeking internship opportunities to gain industry experience and contribute to impactful software solutions.

EXPERIENCE

Student Developer

Academic & Technical Experience

📅 08/2024

B.Tech Engineering Student focusing on programming, web development, and AI/ML

- Built basic web pages using HTML and CSS
- Practiced responsive layouts and clean UI structure
- Learning JavaScript fundamentals
- Working on small personal projects to improve development skills

EDUCATION

B.Tech in Computer Science Engineering

Global Institute of Technology

📅 08/2024 - 05/2028 📍 Jaipur RTU

PROJECT

Personal Portfolio Website

Technologies:

HTML, CSS, JavaScript, GitHub Pages

- Designed and developed a responsive personal portfolio website to showcase projects, technical skills, and achievements.
- Created a modern and user-friendly interface with smooth navigation and mobile responsiveness.
- Implemented sections for About Me, Skills, Projects, and Contact Information.
- Deployed the website using GitHub Pages.

GitHub: <https://github.com/devanshikhandelwal/Devanshi-s-portfolio>

Live Demo: <https://devanshikhandelwal.github.io/Devanshi-s-portfolio/>

Expense Tracker Website

Technologies:

HTML, CSS, JavaScript

- Developed a web-based expense tracker application for managing daily expenses.
- Implemented features to add, delete, and categorize expenses.
- Used JavaScript for DOM manipulation, event handling, and real-time expense calculations.
- Designed a clean and responsive user interface for better user experience.

Live Demo: <https://devanshikhandelwal.github.io/Expense---Tracker/>

KEY ACHIEVEMENTS

Developed multiple responsive web development projects.

Consistently improving problem-solving skills through coding practice.

Built and deployed personal portfolio website.

Actively learning Data Structures and Algorithms using C++.

STRENGTHS

Problem Solving & Logical Thinking

Focused on problem-solving, logic building, and technical growth

LANGUAGES

English

Native

SKILLS

Programming Languages: C, C++, Python

Web Development: HTML, CSS, JavaScript

Tools: Git, GitHub, VS Code, Figma, Canva

Core Concepts: Data Structures & Algorithms, OOP
